Pace is based on speed on flat ground. Contact the Ride Leader if you are unsure whether a ride is right for you.

An Interesting article from the Everett Herald on May 22nd

In an article titled "My Bike Everywhere Day was...a nice walk" some interesting tidbits caught my eye. Here are a few facts that you may not know:

- ◆ A bicycle is legally defined as a vehicle when on the road and as a pedestrian when on the sidewalk or in a cross-walk. That means don't stay in the right turn lane if you intend to go straight. It also means keeping right when there's faster traffic needing to get around you, using a front lamp and rear reflector at night, and obeying all traffic laws—or risk the fines that go with violating them.
- ◆ Bike riders are not required to use a bike lane or shoulder.
- ◆ Bikes may ride two abreast, bit not more.
- ◆ Bikes may legally control the lane by riding in the middle or left third of a lane so faster traffic merges fully into the next lane to pass.

BIKES Cub tours and weekends are put together with the idea that riding and sight-seeing are more enjoyable for a group. We would hope that if you want to diverge from the intended routes that you would communicate with the ride leader and be able to find your own way.

Have your bike in good repair, and be ready to ride some hills and the distances involved. Everyone should have the equipment and know how to deal with a flat tire.

Self-contained = haul own luggage for camping

June

6/8-6/11 Idaho Trails (HS) with Clarence Elstad. Ride the Centennial Trail in the Spokane area, the Trail of the Coeur d'Alenes, and the Hiawatha Trail.

Style: Motel, hotel car shuttles, paved trails

Thu - We will carpool over and check into our lodging. (This is a hotel/motel/camping/Airbnb/VRBO/couch surfing/hostel/warm showers, etc. type trip). Everyone will be responsible to arrange their own accommodations. (We may want to rent a house if there are several people interested) We will ride the Centennial Trail that goes from the Idaho/Washington Border to just east of Coeur d'Alene on the lake. This is 23 miles (<https://www.cdaid.org/794/departments/parks/trails-main/centennial-trail>) I recommend the use of a road bike or cross bike. (Trails we will be riding are all paved, other than the Hiawatha)

Fri - We will do part (25 miles) of the 'Trail of the Coeur d'Alene' that runs for 72 miles from the town of Plummer to Mullen. (<http://www.trailink.com/trail/trail-of-the-coeur-dalenes.aspx>). I can almost guarantee that you will see moose on this ride between Harrison and Cataldo. We will ride from Mullan, ID to Pinehurst, ID. (25 miles)

Sat - We will ride the rest of the 'Trail of the Coeur d'Alene'. We will ride from Pinehurst, ID to Plummer, ID. (50 miles) Bikers can choose to do all or part of the any of the rides, as they wish? Afterwards we can drive back home or stay an additional night in Idaho and do some additional rides. I recommend the use of a road or cross bike since all of the trails are paved.

Sun We will ride the Hiawatha Trail which included tunnels and bridges and you should either have a cross bike or mountain bike since it is on somewhat loose/packed gravel. You will also need a couple of very bright lights for the tunnels. You can rent a bike at the Trailhead location as an option.

Contact Clarence Elstad at: 425-268-8550 or celstad@gmail.com if you have any questions or want to sign up to do the ride.
